EXAMINER'S COMMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The drawings filed on 3/25/02 are acceptable subject to correction of the informalities as indicated herein. The drawings are objected to because figures 1 and 2 contain reference numbers without any text associated with the reference numbers. Therefore, it is not clear from the figures what these reference numbers represent. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The correction will not be held in abeyance.
